“ Auntie Ann,
Thank you for not only being so loving and kind, but for showing me what my Nana Rita was like. She lived through you and I got to experience what it would have been like to have her in my life. Every time we saw each other we always cried together because you'd tell me how much I resembled your sister Rita and I'd cry with you because I'd live to see my Nana through you. Thank you for all the beautiful memories. My mom also would tell me the story about the time you took me to the toy store and I wanted a Big Bird. You pulled out this little stuffed animal Big Bird but in my arms was the biggest one I could find and you gave that to me! That was the most special item I ever had and I grew up with it! I had my Big Bird for so many years and slept with it until I was probably 13! I will love and miss you forever and always! Say hello to my Nana Rita for me!
